Sec. 10. (NEW) (*Effective January 1, 2026*) (a) Any municipality that has adopted a priority housing development zone consistent with this section and sections 8 and 9 of this act may request a final letter of eligibility from the commissioner.

(b) The commissioner may issue a preliminary letter of eligibility upon a municipality's request, provided such municipality has submitted proposed modifications to the municipality's zoning regulations that would allow it to create a priority housing development zone. The commissioner may issue a final letter of eligibility when a municipality has implemented such proposed modifications and is in compliance with the requirements of a priority housing development zone set forth in this section and sections 8 and 9 of this act.

(c) The commissioner shall review such requests not later than ninety days after receipt of such a request. The commissioner may approve, reject or request modifications concerning a priority housing development zone consistent with the requirements of this section and sections 8 and 9 of this act.

(d) If a municipality modifies a priority housing development zone or a new historic district is created within or overlapping such zone after application for or receipt of a letter of eligibility, the municipality, not later than seven days after such modification, shall notify the

commissioner of such modification, and the commissioner may deny or rescind such letter of eligibility, as applicable, if the commissioner determines that such modifications do not comply with the requirements of this section and sections 8 and 9 of this act.

(e) If after one year following the date on which a municipality received a final letter of eligibility from the commissioner, the commissioner determines, in the commissioner's discretion, that, considering market conditions in the municipality and the state, there exists a lack of building permits or other indications of progress toward construction of dwelling units in the zone, the commissioner may rescind such final letter of eligibility.

(f) If any letter of eligibility is rescinded pursuant to this section, the commissioner shall also rescind any current certificate of affordable housing completion awarded to the municipality pursuant to subparagraph (B) of subdivision (4) of subsection (l) of section 8-30g of the general statutes, as amended by this act.

(f) Each qualifying transit-oriented community shall require that any proposed development within any transit-oriented district that contains ten or more dwelling units that are not allowed as of right under subsection (e) of this section be subject to a deed restriction that requires, for not less than forty years after the initial occupation of the proposed development, that a percentage of dwelling units, as set forth in subsection (g) of this section, be sold or rented at, or below, a cost in rent or mortgage payments equivalent to not more than thirty per cent of the annual income of individuals and families earning sixty per cent of the median income of the state or the area median income as determined by the United States Department of Housing and Urban Development, whichever is less.

(2) If a qualifying transit-oriented community seeks to adopt regulations concerning a transit-oriented district that do not substantially comply with the guidelines developed pursuant to subdivision (1) of this subsection, or subsection (e) or (f) of this section, such community shall seek an exemption by submitting an application, in a form and manner prescribed by the secretary, that specifies the reasons such community seeks to adopt regulations that do not substantially comply with the guidelines developed by the secretary, or subsection (e) or (f) of this section, except no community may seek an exemption from the provisions of subsection (e) or (f) of this section unless the secretary determines such community is a qualifying transit-oriented community pursuant to subsection (h) of this section. Not later than sixty days after the receipt of any such application, the secretary shall approve or deny such exemption in writing. The secretary shall not unreasonably withhold approval for any such exemption.

(3) If an application submitted pursuant to subdivision (2) of this subsection is denied by the secretary, the transit-oriented community that submitted such application may opt out of the provisions of this section and no longer qualify for funding from the housing growth program, provided such community shall return any funding such community had received from such program pursuant to this section.

(k) The secretary, or the secretary's designee, may provide a municipality with an interpretation or written guidance concerning whether zoning regulations adopted or proposed to be adopted by such municipality, concerning a transit-oriented district, comply with the requirements of section 8-2 of the general statutes, as amended by this act. Nothing in this subsection shall be construed to allow the secretary to impose any additional requirement upon any such district or municipality that is not specified in this section or section 8-2 of the general statutes, as amended by this act.

(NEW) (*Effective July 1, 2026*) (a) Except as provided in subsections (b) and (d) of this section, no zoning enforcement officer, planning commission, zoning commission or combined planning and zoning commission shall reject an application for any residential development solely on the basis that such development fails to conform with any requirement for off-street motor vehicle parking spaces unless such officer or commission finds that a lack of such parking spaces will have a specific adverse impact on public health and safety that cannot be mitigated through approval conditions that have no substantial adverse impact on the viability of such development.

(b) A municipality may require a minimum number of off-street motor vehicle parking spaces for a residential development that contains more than sixteen dwelling units, as defined in section 47a-1 of the general statutes, provided any such municipality shall allow the proposed developer of such development to submit to the zoning enforcement officer, planning commission, zoning commission or combined planning and zoning commission a parking needs assessment that conforms with the requirements of subsection (c) of this section. Any such moratorium shall be for a period of four years, except that for any municipality that has (i) twenty thousand or more dwelling units, as reported in the most recent United States decennial census, and (ii) previously qualified for a moratorium in accordance with this section, any subsequent moratorium shall be for a period of five years. Any moratorium that is in effect on October 1, 2002, is extended by one year.

(3) Eligible units completed before a moratorium has begun, but that were not counted toward establishing eligibility for such moratorium, may be counted toward establishing eligibility for a subsequent moratorium. Eligible units completed after a moratorium has begun may be counted toward establishing eligibility for a subsequent moratorium.

(4) (A) **[**The**]** Except as provided in subparagraph (B) of this subdivision, the commissioner shall issue a certificate of affordable housing project completion for the purposes of this subsection upon finding that there has been completed within the municipality one or more affordable housing developments which create housing unit-equivalent points equal to (i) the greater of two per cent of all dwelling

Such documentation shall include the location of each dwelling unit being counted, the number of points each dwelling unit has been assigned, and the reason, pursuant to this subsection, for assigning such points to such dwelling unit. Upon receipt of such application, the commissioner shall promptly cause a notice of the filing of the application to be published in the Connecticut Law Journal, stating that public comment on such application shall be accepted by the commissioner for a period of thirty days after the publication of such notice. Not later than ninety days after the receipt of such application, the commissioner shall either approve or reject such application. Such approval or rejection shall be accompanied by a written statement of the reasons for approval or rejection, pursuant to the provisions of this subsection. If the application is approved, the commissioner shall promptly cause a certificate of affordable housing project completion to be published in the Connecticut Law Journal. If the commissioner fails to either approve or reject the application within such ninety-day period, such application shall be deemed provisionally approved, and the municipality may cause notice of such provisional approval to be published in a conspicuous manner in a daily newspaper having general circulation in the municipality, in which case, such moratorium shall take effect upon such publication. The municipality shall send a copy of such notice to the commissioner. Such provisional approval shall remain in effect unless the commissioner subsequently acts upon and rejects the application, in which case the moratorium shall terminate upon notice to the municipality by the commissioner.

(5) For the purposes of this subsection, "elderly units" are dwelling units whose occupancy is restricted by age, "family units" are dwelling units whose occupancy is not restricted by age, and "resident-owned mobile manufactured home park" has the same meaning as provided in

(8) Points shall be subtracted, applying the formula in subdivision (6) of this subsection, for any affordable dwelling unit which, on or after July 1, 1990, was affected by any action taken by a municipality which caused such dwelling unit to cease being counted as an affordable dwelling unit.

(9) A newly-constructed unit shall be counted toward a moratorium when it receives a certificate of occupancy. A newly-restricted unit shall be counted toward a moratorium when its deed restriction takes effect.

(10) The affordable housing appeals procedure shall be applicable to affordable housing applications filed with a commission after a three-year moratorium expires, except (A) as otherwise provided in subsection (k) of this section, or (B) when sufficient unit-equivalent

points have been created within the municipality during one moratorium to qualify for a subsequent moratorium.

(11) The commissioner shall, within available appropriations, adopt regulations in accordance with chapter 54 to carry out the purposes of this subsection. Such regulations shall specify the procedure to be followed by a municipality to obtain a moratorium, and shall include the manner in which a municipality is to document the units to be counted toward a moratorium. A municipality may apply for a moratorium in accordance with the provisions of this subsection prior to, as well as after, such regulations are adopted.
