241 for properties financed with a federally regulated or insured mortgage  
242 in a Special Flood Hazard Area, also known as a high-risk zone on  
243 FEMA's flood insurance rate maps. In addition, for properties that have  
244 previously received federal disaster assistance, owners are required to  
245 obtain and maintain flood insurance as a condition to be eligible for  
246 future assistance. This requirement affixes to the property and applies  
247 to all future owners. FEMA flood maps are not designed, nor intended  
248 to be, a reliable tool for buyers to assess a property's flood risk. A  
249 property does not have to be near water or in a flood zone to flood. For  
250 additional information on obtaining important flood insurance, contact  
251 an insurance professional.

263 there are areas of the property for which the seller has no knowledge  
264 and that this report does not encompass those areas. The buyer also  
265 acknowledges that the buyer has read and received a signed copy of this  
266 report from the seller or seller's agent.
