Explanation

The amendment strikes the underlying bill and its associated impact and results in the impacts noted below.

Section 1 has no fiscal impact by establishing a task force to study issues relating to municipal historic district commissions. It is anticipated that members assigned to the task force will have the expertise necessary to complete the study.

Section 2 results in an annual cost of \$139,000 to the Department of Economic and Community Development by expanding the types of

projects that are eligible for the historic rehabilitation tax credit program. It is anticipated that the agency will require one full-time position at a cost of \$98,000 in salary and \$41,000 in fringe benefits in order to accommodate the increase in applications to the program as a result of this bill.

The section, which expands the historic rehabilitation tax credit program, does not result in any state revenue impact as it does not alter the overall \$31.7 million annual program credit cap.²

Section 3 specifies that the State Historical Commission must collaborate with the State Commission on Capitol Preservation and Restoration on issues related to the State Capitol building and ground. This does not result in a fiscal impact as the provision does not increase the workload of the State Historical Commission.
