SB-408

AN ACT CONCERNING LIQUOR PERMITS, FIRE SAFETY AND
PREVENTION INSPECTIONS, THE REGISTRATION OF CERTAIN
INFORMATION AND JUICE BARS.

AMENDMENT

LCO No.: 4177

File Copy No.: 306

Senate Calendar No.: 216

OFA Fiscal Note

See Fiscal Note Details

The amendment strikes section 2, which reduced the frequency of required building inspections by local fire marshals from annually to biennially, eliminating the potential savings to municipalities.

The amendment strikes section 3, which (1) requires municipalities with a population of 25,000 or more to require certain residential property owners and landlords to report information to the municipality, and (2) establishes that failure to do so will result in a fine between \$250 and \$1,000. This eliminates a potential revenue gain to municipalities beginning in FY 27.

The amendment requires the State Fire Marshal within the Department of Administrative Services to develop and administer a two-year risk-based residential fire inspection pilot program. This results in an annual cost of \$127,638 from FY 27 through FY 29 to develop the program and manage the data collection and analysis requirements of the program.

The amendment does not result in a fiscal impact to municipalities as it is expected that a municipality will only participate in the pilot program if they have the resources necessary.
