Testimony:

To the Correction Advisory Board,

I ask you to join me in prayer right now to help bring God back to our Connecticut jails. He would want nothing more for you to advise his journey into our facilities. I ask that all in our prisons become good Christians and serve the Lord. Similar to David in Samuels 1 & 2 , most of these inmates were good people who turned evil with time. We must remind them to never give up faith and trust that Jesus will redeem them.

May you all be blessed,

Marci Pittman
