May G-D bless the Corrections Advisory Committee and the State of Connecticut,

My name is Rev. Ernestine Holloway of the Serenity House Elkanah Ministries in Meriden, CT. G-D came to me last night and told me to speak my truths here for this group to know the facts. I respect Rep Robyn Porter and she is right that our prisons shouldn't be the place for men, women and children to be raped by the officers. No sin should be committed in a place of worship at all. Since our prisons have chapels they places of worships. I pray everyday that our mighty Lord will take sodomy out of Connecticut. This all start when you make people work on the sabbath. I want you to take sins occurring in these holy spaces seriously. Please look further into them and use your power to do so.

May G-D bless America,
Rev. Ernestine Holloway
Meriden, CT
