To whom it may concern,

I wrote ILAP a while back when I was in Corrigan CI about the staff and how they harrassed me but I never heard back. I was trying to do something about all the weird stuff they do in that facility. For example,

- they don't give us 20 min to eat
- they are VERY Racist
- ~~And~~ when they want us to get up from our seats, they say "pickem up!" (Clearly speaking about my butt.)

The list goes on but this is just some of the complaints I brought to ILAP and never heard back.

Please Help Me!

Thank You,
