add my testimony , but please keep my name out. there needs to be more integrity with the mail service in CT DOC. they tamper with our mail too much , and don't follow their own rules. mail delivery is late and they lose mail. there is no consistency with the mail service in CT DOC .

some of the food is just gross. really inedible , there needs to be brand new food , redo the entire menu . most of the food is very unhealthy and totally processed. there needs to be more fruits and clean vegetables . and less sugar and salt. in our diet. that's all , thank you.
