MacDougall L unit)

Saturday 7-25- 26

once again we are on a modified lockdown quarter tier rec.I guess the law of 6 hours a day of recreation that legislation recently passed does not matter, who is accountable?

I forgot in my last entry to mention that the MacDougall facility posted a memo that woman can no longer wear a dress to visit. What sense does that make? The facility seems to be heading from worse to worser. If someone leaves from work or church wearing a dress they now have to go home and change before visiting.
