hey please listen this is not a drill at all nor a prank of any sort im aware that I can only get a certain degree of results from you guys involving this matter I'm bringing forth to you guys and I'm aware that you enot the police or any sort of organization that can force justice upon those involved in this ordeal but what my goal is involving you is to leave a lengthy paper trail that will expose several D.O.C personnel as ones to have partaken in a plot against an inmate name: Brian Wesley Ellison 319746 myself Im labeled at the hands of several employees as a snitch,and pervert to destroy my character in order to carry out a plot against my life yes these are facts stated in this message but I've been reluctant to have survive several attempts carried by these employees who have used in the pat during a 15 year time line at various prisons from MacDougall CI and Gardner CI stemming from 2011 to now using inmates as pawns to carry out a vicious attack against my life so far this paper trail of reaching out persist of securus technologies(tablet app), David Ellison(step father) Devaighn L Ward (D.O.C Ombudsman) and several employees both here and at MacDougall CI and Gardner CI its in fortunate that my mail has been discovered reaching out to the state police witch only allowed these parties to cover certain key aspects which will expose this matter at hand as a corruption plot against an inmate such as myself I'm going to continue reaching out to every and any source that willing to help I'm going to continue logging all actions both physical and verbal in my invironment but if this isn't enough I'm going to use the public at every angle to stop this from happening because I didn't do any thing wrong and I'm not going to sit down and wait for some thing to actually happen because their are employees that can advocate on my behalf which can help expose several angles that need to be exposed regarding several D.O.C personnel such as and not limited to Lt's,Captain's,several Correctional Officer's as well as Mental Health employee's and Medical personnel witch has in the past used paper trail manipulation and surveillance claims on paper in order to stop proper resources that specialises in these types of matters from conducting any type of internal investigations.[Note: On not looking for a get out of jail card of any sort nor a money winning law suit I just want to be left alone. period
