Testimony:

The Medical Dept. has removed the Podiatry Dr. So there is no one to order Foot Medication's, Special Footwear's, Toenails Cut, Injection's and order UConn Hospital trip's. To see Foot Surgeon's.

I've wrote request after request and given the run around.

I wrote to see the Podiatry Dr. in October, November and December of 2025. I wrote in February to April to see the Podiatry Dr. in 2026?

I was left to believe I was on a list to see the Podiatry Dr. Then my Provider states: There is no more Podiatry Dr.?

I have been trying to see the Podiatry Dr. for several month's, before I was told there is no more Podiatry Dr. Now what am I suppose to do?

I explain to the provider Dr.? And now the provider Dr. want me to write their District Supervisor? Name never given to write to.

I need a Podiatry Dr. just to cut my toe nail's. Order special toe spacer's and toe cover's to avoid painful blister's? Which some time's bleed, bust open or bubble up with severe pain to just walk.

Podiatry Dr. to Order Specialized Foot Wear to accommodate Foot Brace.

Podiatry Dr. to Order Ankle Cortisone Injections.

I wrote to get my knee injection's? But, was told I was 1st on the list to be seen. Then told it would a clinic for Knee Injection's in a couple of week's. That was in April and May?

Sincerely, Leeroy
