

Jessica Chartrand

Town of Griswold CT

I oppose the continuation of emergency declarations and limited executive orders.

We are long overdue for the power to be taken back by the people and not to be held by one person. We are not where we were in March of 2020. We can't simply sit back and let the children continue to suffer while most adults are enjoying a new "normal" life.

These kids sit day after day for hours on end masked to avoid spreading this virus, however, watch on TV professional game after professional game of fans sitting side-by-side unmasked. There is zero reason why they can't attend school unmasked.

Again, I strongly oppose the continuation of emergency declarations and limited executive orders.

Thank you,

A handwritten signature in black ink that reads "Jessica Chartrand". The script is fluid and cursive, with the first letter of each word being capitalized and larger than the others.
